A Site Plan and 2 complete sets of plans must accompany application. Construction in some areas may impact wetlands and require a 404 permit from the Corps of Engineers. Permit Holder agrees to hold the City of Pooler harmless on any construction covered by this permit resulting in construction in wetlands. This permit becomes null and void if work or construction authorized is not commenced within a 6 month period, or if construction or work is suspended or abandoned for a period of 6 months at any time after work is commenced.

In consideration of the granting of the above requested permit I do hereby agree that I will in all respects construct the work in accordance with the above statement and the Plans and Specifications herewith submitted, and filed in the Building Department, and in compliance with all the state and local Laws and Ordinances regulating construction.

Very Respectfully,
